

Lord Kesseli & The Drums – Lighting requirements

Please provide a full lighting setup, which fully complements the size of the stage. Please send over a copy of your latest specs with the DMX-Patch one week prior to the show to johannes.rickli@gmail.com. Additionally, please provide the following:

- 1 local lighting engineer with knowledge of the house to assist during set-up.
- 1 fog machine or hazer.
- For our floorpack we need:
 - 5 mic stands
 - 2 DMX lines (see picture below)
 - 2 x 220 VAC for lights on stage
- Work surface at FOH must be large enough to accommodate one GrandMA2 Command Wing and a FaderWing (at least 1x1m)
- We may need some 3 pin XLR cables for the lights

If you have any questions, please do not hesitate to contact Johannes (+41 79 732 87 34, johannes.rickli@gmail.com)
